CUMULATIVE TABLE OF CONTENTS

Number 1
Effects of Pregnancy and Sex Hormones on the Liver
David Van Thiel, Guest Editor

Pregnancy-Associated Sex Steroids and Their Effects on the Liver, David H. Van Thiel and Judith S. Gavaler, 1
Female Sex Steroids and Cholestasis, Mary Jane Kreek, 8
Estrogens and Progestins as Tumor Inducers, Lynne E. Porter, David H. Van Thiel, and Patricia K. Eagon, 24
Hepatic Vein Thrombosis (Budd Chiari Syndrome): Possible Association with the Use of Oral Contraceptives, Willis C. Maddrey, 32
Viral Hepatitis During Pregnancy, Vinod K. Rustgi and Jay H. Hoofnagle, 40
Acute Fatty Liver of Pregnancy, Caroline A. Riely, 47
Toxemia of Pregnancy and the Liver, Jeffrey Alexander, Rafael E. Cuellar, and David H. Van Thiel, 55
Course and Prognosis of Pregnancy in Women with Liver Disease, Rajiv R. Varma, 59

Number 2
Neonatal Cholestasis
William F. Balistreri, Guest Editor

Cholangiopathies: Past, Present, and Future, Valeer J. Desmet, 67
Determinants of Bile Formation During Development: Ontogeny of Hepatic Bile Acid Metabolism and Transport, Frederick J. Suchy, John C. Bucuvalas, and Donald A. Novak, 77
Inborn Errors of Bile Acid Synthesis, Kenneth D. R. Setchell and Jacqueline M. Street, 85
Reovirus Type 3 and Neonatal Cholestasis, Joy H. Glaser and Racher Morecki, 100
Systemic Disorders Associated with Neonatal Cholestasis, Sharon Felber and Frank Sinatra, 108
Familial Intrahepatic Cholestatic Syndromes, Caroline A. Riely, 119
Neonatal Cholestatic Conditions Requiring Surgical Reconstruction, Frederick C. Ryckman and John Noseworthy, 134
Medical Management of the Infant or Child with Chronic Liver Disease, Ronald J. Sokol, 155

Number 3
Hematologic Issues in Contemporary Hepatology
Paul D. Berk, Guest Editor

Hematologic Complications of Alcohol Abuse, John Lindenbaum, 169
Hemostasis in Liver Disease, Dierdre A. Kelly and John A. Summerfield, 182
The Liver in Acquired Immune Deficiency Disease, Melissa Palmer, Lawrence F. Braly, and Fenton Schaffner, 192
Histologic Patterns of Liver Disease in Hemophiliacs, with Special Reference to Morphologic Characteristics of Non-A, Non-B Hepatitis, Leonardo Bianchi, Valeer J. Desmet, Hans Popper, Peter J. Scheuer, Louis M. Aledort, and Paul D. Berk, 203
Liver Disease after Human Marrow Transplantation, George B. McDonald, Howard M. Shulman, John L. Wolford, and Gerald D. Spencer, 210
Hepatotoxic Effects of the Anabolic/Androgenic Steroids, Kamal G. Ishak and Hyman J. Zimmerman, 230
Hepatic Toxicity of Drugs Used for Hematologic Neoplasia, Mario Sznol, Takao Ohnuma, and James F. Holland, 237
Malignant Lymphomas: Pathology of Hepatic Involvement, Elaine S. Jaffe, 257
Differential Diagnosis of Jaundice in Lymphoma Patients, Michael J. Birrer and Robert C. Young, 269

 Publisher: Thieme Medical Publishers, Inc., 381 Park Avenue South, New York, NY 10016

Number 4
Medical and Surgical Aspects of Biliary Tract Disease
Nicholas F. LaRusso, Guest Editor

The Intrahepatic Biliary Epithelium: An Area of Growing Interest in Hepatology, Nicola Tavoloni, 280
New Concepts in Biliary Cirrhosis, Jurgen Ludwig, 293
Dysmotility Disturbances of the Biliary Tract: Classification, Diagnosis, and Treatment, W. J. Hogan, J. E. Geenen, and W. J. Dodds, 302
Direct Contact Dissolution of Gallstones, Johnson L. Thistle, 311
Fragmentation of Gallstones by Extracorporeal Shock Waves, Gustav Paumgartner, 317
Recent Advances in the Management of Primary Sclerosing Cholangitis, Keith D. Lindor, Russell H. Wiesner, and Nicholas F. LaRusso, 322
Diagnosis and Medical Treatment of Malignant Disorders of the Biliary Tract, Bernard Levin, 328
Radiologic Approaches to the Treatment of Benign and Malignant Biliary Tract Disease, Gerald R. May, Claire E. Bender, and Hugh J. Williams Jr., 334
Surgical Approaches to Benign and Malignant Biliary Strictures, M. S. Orloff, and L. H. Blumgart, 343
